Chamber Hails Plans For Department For Planning

Arlington firefighters, along with Boston and Somerville, assisted Cambridge at an early morning general alarm fire, Tuesday, Jan. 28,

Commerce hailed the announcement of the board of Selectmen and town manager concerning the creation of a department of planning and munity devlepoment for

Ronald Nigro, president of the Chamber, informed this paper that the board of directors strongly supports town officials in the creation and development of a sound planning system for the town.

Mr. Nigro cited as prob-lems for all citizens the facts that no real commercial development has taken place in Arlington for many years, that the creation of shopping centers in bordering communities take away Arlington's spending dollars which ulti-mately leads to a lower tax base for the town.

The Chamber created a study committee several years ago headed by Father Thomas M. Kershaw and Atty. Richard Keshian. This committee studied many aspects of community redevelopment in cities and towns surrounding Arlington and concluded that if Arlington is to survive as a viable community over the next 20 years immediate attention to increasing the tax base must be at the forefront of any action.

"The problem," Kershaw stated, "is one where the real estate tax shall continue to increase just to provide the basic necessities to citizens. Unless some source of revenue is uncovered, Arlington will be priced out of existence. It is not enough to state that this is a problem that all communities-face because many com munities are taking action to alleviate the tax burden on the home owner.'

"The sound and sensible way to approach this problem, according to Keshian, is to follow through on the proposal as presented in last week's issue. A department of planning with a proper staff and budget is just the first step towards community de-

Keshian further indicated that Arlington has paid for many plans and studies which have not been fully implemented because of a lack of follow through ability. A central full-time department under the firm control of the town manager could provide this void in planning.

Rev. Kershaw indicated that the Chamber brought many groups together several months ago to present the problem and to seek joint action to bring about a sound solution and create reality. He stated that any town funds expended for staffing this de-partment would be realized many times over by skillful administration, realistic land use regulations, close coordination among town departments and modern land taxing policies.

Middle Class Morality

Repeatedly, in recent months, we have been coming across the phrase, "middle class morality." Each time we see it in print it is like a wet mop in the face. The hippies head for a Haight-Ashbury in San Francisco to rid themselves of it; movie reviewers find enlightenment in movies. which portray persons trying to escape it; even book reviewers are given to hailing authors who create depraved demons who deplore their middle class morality upbringing and violate whatever they fancy middle class morality

It has come to be a standard phrase in the terminology of the literary license takers who defend any behavior as being simply a protest against middle class morality. At least two national magazines of recent date have devoted space and photographs to young people who represent to be busily engaged in purging themselves of this middle class morality malady, in order to be useful spokesmen for and cohorts of the unorthodox and unclean

There must be about 150 million people in this land who came out of middle class morality and that is three out of every four living and-breathing Americans.

The code did not differ greatly from one part of the country to another, nor from one religion or color to another. In essence it has been: work a full day for a day's wage, save for a rainy day, fear God, defend the Flag, help the sick and the poor, preserve the family, and do unto others as you'd like them to do unto you.

It was never a complicated code, and it was inbred, in every American community. It wasn't imported from any land; it wasn't carried here by an national or religious group. It was part of the beginning and the growth of America. Each incoming group had to prove itself, to be sure. And it took a little time. But the once-hated Irish did it; the Jews did it; the Chinese did it; the Negroes did it. They didn't do it as a group, or a race; they did it as individual Americans who liked the code and adopted it as a way of life and then stood proud as a peer of every other American who earnestly endeavored to pay his own way and held his God and his Country higher than himself. Middle class morality doesn't tolerate either maling-

erers or maligners. Middle class morality isn't a sickness of our society; it is the spine of it.

To the Editor:

I'm very interested in the outcome of the March election as are numerous others. I have some one hundred and four special friends, all of whom are firefighters. For years they have been working forty-eight hours a week, which to some doesn't sound

like much. This job, contrary to public opinion, is a vey demanding one. Daily schedules have the day shift punching in at 8

a.m. and being relieved at 6 p.m. The day shift does numerous things, among others, daily drills to keep the men in top knowledge of the latest firefighting techniques. At night, the routine changes, the men talk about the new methods learned and are constantly familiarizing themselves with the equipment on the apparatus. This town can really and truly be proud of

The forty-two hour work week which the men are striving to attain will enable Arlington to improve the firefighting capabilities. Arlingfortunate enough in past years not to have had any real bad fires. Although a few were close calls and had disastrous possibilities, the fast and efficient, work by our men have prevented any holocausts.

Although unintentional damage is done, the property losses are minimal. I call upon all of Arlington's citizens to take this matter close to their hearts. I ask the voters to support them at the polls election day. I think it is appropriate to say that "the life they save, may be yours."

This slogan will be appearing throughout the town. This slogan is true, as newspaper reports will indicate. They will do almost anything to prevent the loss of life. They truly need your support please help them.

The reasons behind my interest is that my father is one of these courageous, well trained men.

Thank you for your sup-

George Wein, director of the famed Newport Jazz Festival, has arranged this highly varied jazz program sponsored by the Globe. All of the proceeds will be used for scholarships for deserving students as in previous years. Judging by the advance sale of tickets, both nights look like sellouts.

The Friday 8 p.m. concert will include the "cool" period of the 50's to be represented by the princes of that kingdom, pianist Dave Brubeck and baritone saxophonist Gerry Mulligan; the modern sounds of the 60's from Roland Kirk, the multi-reed man who turned on Newport last summer: jazz-rock, a heavybeat electronic improvisation, is the mode of The Mothers of Invention (their father, Frank Zappa, has just been selected "Popular Musician of the Year"); Wein's own Newport Jazz Festival All-Stars will provide a Dixieland beat featuring Barney Kessel on guitar, Red Norvo at the vibes; Ruby Braff on coronet

and Wein at the piano. Saturday at 8 p.m., the spotlight will be on Hugh Masekela as Afro-American jazz projects its voice through his hard-driving trumpet sounds; rock-bottom blues provided by B.B. King, the Mississippi mudcat whom Time Magazine has just theorized as playing "some of the most potent, polished blues the nation has ever heard"; the swinging songs of Nina Simone: the space oriented sounds of Sun Ra and his 15-

piece "Solar Arkestra" reaching for the outer limits. The Saturday "Jazz for Youth" matinee at 2:00 features Gerry Mulligan, the Newport All-Stars and Gene DiStasio's Brass Menagerie with its south-of-the-border Brazilian bag.

587 who signed the petition presented to the Board in opposition. After a long period of discussion on the matter, Bila-

fer told those present that the Town Officials would be very happy if this group of residents or any group could come up with a solution to the sanitary land fill problem which faces the town.

'We'd be happy if we didn't have to go into Meadowbrook," Bilafer stated.

Prior to the start of the -8 p.m. meeting which lasted until just after 10 p.m., Bilafer briefly outlined the refuse disposal problem which faces Ar-

He explained that the present area on Summer st. which is now used as a sanitary fill area could be used for only two more months.

He went on to state that negotiations are now underway with an abutter in the same section to use another parcel of land. This would add another 8-9 months to the time the town has to operate the sanitary fill operation.

Bilafer further added that he had been told by the Town Manager that negotiations with Somerville are now going on to truck trash to Somerville; this would be burned in the Somerville incinerator.

To Build Wall It was then explained that bulky objects would have to be disposed of elsewhere-the only alternative being Meadowbrook or Magnolia.

Residents were also informed that according to a State Board of Health ruling all other existing sites would have to be used before the town could utilize the Magnolia st. area as a sanitary land fill site.

Representative Edward 'Ned" Dever explained why he felt the use of the Meadowbrook would be unsuitable for sanitary land fill use. He noted the odor problem

that had existed in the Lower Mystic Lake area two or three years ago. He added that although this problem no longer exists, it is not completely solved. Dever called the Lower

Mystic problem a "unique one" under study for the past two years. Lower Mystic is made up of two big pits, and the pollution

from the Mill Brook, etc. plus the influx of salt from the ocean causes the odor to take place, the Representative went on to note. He stated that the present solution is to drop pumps and

pump into the sewer line. He added that now there

"The Advisory Council will nieet bi-weekly, or as events. dictate, to study and recommend party legislative policy Rep. Curtiss explained. "The help, advice, and counsel of Gregory Khachadoorian at advisory meetings will be valued and appreciated. His broad experience equips him well

for this assignment. 'He is a member of two key legislative committees, Insurance and the Judiciary," Rep. Curtiss said. "In addition to his legislative work, he has served as a member of the Advisory Board of the Massachusetts Commission for the Blind since 1962 and has been Chairman of the Board for the past three years.

kind was to be dumped in the area, it would somehow filter into the Mystic Lake area, possibly causing an odor or pollution of some sort.

Bilafer here noted that there is an article inserted in the Town Warrant to build a type of wall to protect the Mystic Lake area.

We are not looking to use this site unless it is absolutely necessary," Bilafer continued.
Five Year Use

A resident of the area, Richard Goulart, of Glen ave. spokesman for the residents, stated that the group objected to the loss of a good skating area; allowing the area to become blighted and the major objection that the area be used as a dump.

They were also disturbed because there are few natural sites left in the town.

The residents' goals were to work with the Selectmen in an attempt to solve the situation, restore skating, await results of town meeting action, investigate the possibility of shipping out rubbish, check into the possibility of the use of an incinerator.

Town Manager Donald R. Marquis told those present that a consulting firm is mak-ing a study of the matter and that a report should be ready within three weeks.

Residents were clearly surprised when Marquis stated that if the Meadowbrook area was used only to dump bulky material, the sector might be utilized for a five year period.

Residents then mentioned that when the area had been used as a dump previously, there was a problem with rats. The Town Manager stated that bait traps are now used. The material used, warfarin, according to Marquis, is harmless to humans, dogs

Selectmen Horace Homer at this point mentioned That the Selectmen had a large file of corrspondence with the MDC in an attempt to clean up the area and put the skating program back into operation.

One resident felt that officials should have made a more serious effort to solve the problem before now. It was also stated that there is now a waste of land rather than a preserving" as was the Monday night. case when other areas were being filled.

A total of 115 articles.

The most amazing part of the entire picture is that of all the articles only one concerns zoning or rezoning.

Does this mean that building or proposed building of new apartments and the "like" are a thing of the past in Arlington.

If rezoning is limited aren't proposals for construction likely to be slow in the months to come?

Town Hall is finally going to have a new switchboard

And about time.

Recent years must have been most difficult for the operators at "the hall". With more and more calls coming in and more and more going out, at least it seems that way, it was always amazing that the girls could keep up at all.

But it was seldom that one had to wait "too long".

Town Manager Donald R. Marquis made the statement more than once during the past few months, that refuse disposal is the number one problem facing the town of Arlington.

Evidently residents of the community feel the same way. Residents of the Magnolia st. area turned out in large numbers at two separate meetings when a sanitary land fill area seemed a possibility in their section of town, and a large crowd, backed by a petition of nearly 600 residents turned out for a similar meeting relative to the use of Meadowbrook as a sanitary fill area.

All of which means, everyone is concerned with what is going on in his own section of town-and should be concerned with what is going on all over town—for the sanitary fill problem is not a one-street problem, an area problem, a town problem or a state problem, but a national problem, which we should all attempt to solve.

Arlington Catholic Wins Title; AHS Keeps Pace in GBI

Monday night at McHugh Forum Coach Jack Carney's hustling Arlington Catholic hockey team outplayed Xa erian High of Westwood for the Class "B" title. The "Cougars' won 3-1.

John Quanci, the local goalie, kept ACHS in the game in the opening period as both the first and second lines of the Westwood club kept the play in the Arlington end.

Quanci had at least a dozen saves, some of them on the sensational side. A hard shot by Jackie O'Brien, who was named the Xaverian M.V.P., at 5:05 had goal "written on it," but Quanci made a fine glove save to help keep the first period scereless.

Dennis Villandry and the Coleman brothers, the ACHS first line, had a scoring chance in the opening minute of the second period on a three on one rush but the shot was just wide of the net. The second line of Paul Callahan, Clyde Brooks and Mike McGlynn relieved the starters who returned to the ice after a minwte's rest. At 3:15 Dennis Villandry's hard shot from about 10 feet out found the left hand corner of the net for the game's first score. Both Colemans had an assist

John Ready, the ACHS defenseman, was hurt at 8:15 of the second period and Paul Callahan went back on de-

fense and Coach Carney sent Mike Curry in to center the second line.

Curry picked up a loose puck in center ice and went in on the Xaverian goalie and rifled a shot off the goalie's pads that alert Mike McGlynn banged home for a score, putting ACHS ahead 2-0. Quanci's bid for a shutout ended when Xaverian scored at 4:58

in the second period.
The final ACHS goal came in the last period at 6:53 on a rifle shot by John Coleman. with Villandry and Scotty Coleman getting assists and giving ACHS a 3-1 lead. ACHS had one more scoring chance, when Xaverian pulled the goalie with less than a minute left. A long shot by an ACHS forward just did not have the legs to make the open cage.

Larry Babine played the best defensive game of his high school career, as well as playing center on faceoffs Co-Capt. Phil McDougal did double duty at his defensive post from the second period on when Johnny Ready was

John Coleman was voted the M.V.P. and received a trophy. Rev. Fr. Casey, athletic director of ACHS, was pre-sented the Class "B" trophy

by the tournament director.

The win gives ACHS an 8-1 season with three tourney wins and a 5-1 loss in Catholic League play.

Arlington High school's hockey team continued in the battle for the GBI title by defeating Waltham, Saturday. It was a close one though, with the scoreboard reading 1-0 at the finish. Arlington players Tony Lyons, No. 14, and Kent Daviscn close in for shot on Waltham net.

Dusty Springfield— Dusty In Memphis

Musty Dusty with her first LP attempt at 'the Memphis Sound', as she recorded her album in the Memphis studio. The end result is great, as she sounds right at home singing her hit for you, "Son of a Preacher Man," along with ballads as, "Just A Little Lovin',"-"So Much Love" and "Breakfast In Bed." Side two cooks with, "Just One Smile," "The Windmills of Your Mind," "No Easy Way Down" and the pretty "I Can't Make It Alone." My ears tell me Dusty's next album will be recorded in Memphis too.

EPIC

Donovan's Greatest Hits Eleven 'hit' tracks by Donovan comprise this album. Be-tween the opener "Epistle to Dippy" and the final cut "Lalena," are packed hits as, "Sunshine Superman," "There Is A Mountain," "Jennifer Is A Mountain," Juniper" and "Season of the Witch." Side two winners are, "Mellow Yellow," "Colours," "Hurdy Gurdy Man" and "Catch the Wind." The greatest by Donovan, and Donovan is the greatest.

LIBERTY Gary Lewis and the Playboys -Close Cover Before Playing

A dozen hot tracks on this matchbook design LP. It's not really necessary to 'close cover before playing' as the title implies, as either way you can dig tunes as, "Everyday I Have to Cry Some," "Rhythm of the Rain," "Turn

Down Day" and complete side one with "Over You." Backide songs are, "Apologize,"
"Turn Around, Look At Me,"
"C. C. Rider," "Let's Pretend"
done ala Rudy Vallee style,
and ends with "I Think We're
Alone Now." Gary and the Playboys with exciting

T.I.M.E .- Smooth Ball

Time passes on, but the time has come again to listen to the LP effort of the group entitled T.I.M.E. Through the writings of the four group members, they talk of "Leavin' My Home," plead to you "See Me As I Am," and confess "I Think You'd Cry." On two they sing of "Lazy Day Blues" and "Flowers" followed by a nine-minute plus of "Morning Come," and time runs out with "Trust In Men Everywhere." Time is of the essence.

DERAM Ten Years After-Stonedhenge

A talented group that has left a marked impression on all those who have heard or seen them. Among the ten tracks are sounds as, "Going to Try," "Woman Trouble" a bluesy tune, "Skoobly-Oobly-Doobob" with a jazz-touch, and "Hear Me Calling" to end side one. Two opens with, "A Sad Song" followed by "No Title" a song with often changing tempos and weird sounds, ending with "Speed Kills" a fast moving sound.

DEMCO The Spi-Dells-

I'm Comin' Home A good album featuring songs for your every mood, by a Massachusetts group, the Spi-Dells. They swing with a couple of Four Seasons' tunes, "Dawn" and "Beggin'," then slow down the pace with, "Gee But I Wish" and "Take Me As I Am" on side one. Flip it over and have a taste of cuts as., "I Lost Your Love-Autumn Leaves" written by lead vocalist and tenor sax player, "Jimmy King along with organist Don Perry. Two ballads follow, "Cry Myself to Sleep" and the title song "I'm Comin' Home." Other members of the group along with Jimmy and Don are, Jack Andrews, bass; Charlie Robbins, lead guitar and Jerry Vallee on drums. The entire group sings background harmony behind Jimmy. A very tight and together group.

LITTLETOWN The Royal Coachmen

Already a most popular group in the New England area, the Royal Coachmen are destined to achieve even greater popularity all over. with the release of their fine album. They take a dozen 'oldies' and make them into goodies' again. Tunes as, 'Silence Is Golden," "The Diary," "Sixteen Candles" and "Sherry." More gold on two with, "Daddy's Home," "Rhythm," "Love Me," "Hully Gully" and "Tears On My Pillow." The members of the Coachmen are, Chuck, lead guitar and arranger; Tommy, bass; the latter two handle the vocals, with Bobby on drums and Kenny on organ. An out-of-sight LP by an outof-sight group of fine musi-

Jason Russell Society

In the absence of President Alison Trott, Vice-President Ann Vivian conducted the meeting of the Jason Russell Society of the Children of the American Revolution Sunday at the Cunningham home in West Somerville.

After reports from Recording Secretary Anna Trembly and Corresponding Secretary Sharon Trott, Richard Cunningham spoke about the cor-rect use of the flag and June Cunningham gave a report on American Music

In the Patriotic Education report, Charles Cunningham told what happened to a few

of the signers of the Declaration of Independence, and how they suffered for that act of bravery which would have been treason if independence had not been won.

In his report on Conservation, Edward Trembly told how deer suffer in the winter when they have to "yard up" because of deep snow, and what happens when the deer population becomes too large for a given area.

Members attending this meeting had brought coupons and good used clothing for the Mountain Schools and Indian Schools which the Children of the American Revolution help

Plans were made for the next two meetings, the second of which will be devoted to the American flag-its history, correct use, and relation to American music. Each member is to bring information about and pictures of the flag, so that a scrapbook may be compiled at that meeting.

The Society is also making a scrapbook on American literature. Various members were assigned reports to be presented at the next meeting, to be hld in two weeks.

Boston's national competion for a design for the new City Hall drew 255 entries.

Lucky You-Tax Refund Due!

Working on your Federal income tax?

Then look ahead to Line 25. It gives you a choice welcomed annually by millions of taxpayers.

Line 25 of Form 1040 (or line 11 on the 1040A) asks you to check whether you want a cash refund, or U.S. Savings Bonds to make the same cash last longer and go farther.

It's the easiest thrift decision you'll ever make.

It's the way to hang onto your refund until a time when you'll need it more . . . and make it grow meanwhile at a guaranteed rate of 4.25% when held to maturity. There is nothing safer or surer—and even if your Bonds are lost or stolen they'll be replaced for you.

Leave your tax refund in Uncle Sam's pocket this year, with his promise to pay you a little over four dollars for every three later on. It takes money to build a better America. That's why so many of us file Form 1040... and take refunds in Savings Bonds.
